

Economic Patchpanel

19" Patchpanel in black or in gray
24-48 fibers 1U high

Product description

Patch panels rack-mount onto 19", 21" and 23" rack systems.

Thus, its body is Aluminium with powder coating paint that houses adapter panels, fiber splicing trays and space for excess fiber storage. Also, the inside ports of the panel can be fixed, meaning that the cables aren't disconnected at any point. Furthermore, the outside ports of the panel reserve for fiber patch cables that can be plugged and unplugged frequently to arrange the connections between devices as needed.

Features

- Easy time saving installation
- Compact design
- Bend radius protection
- RoHS, fully compliant
- Captive Panel Screws for easy locking
- W:482/434 x D:242 x H:44 mm

Specifications

- Light weight construction
- Color: RAL 9005 Black or RAL 7035 Gray
- Installation accessories

Content details

- Storage and management clips
- 24F Splice cassettes
- Cable tie set
- Rear cable entry

All product specifications are subject to change without notice to improve reliability, function or design or otherwise.

Opticonnect SYSTEMS B.V., an Optical Networking vendor with its headquarters in the Netherlands, provides Optical Transport solutions and Optical Transceivers at the best price performance ratio possible. Our goal is to simplify the planning, deployment and maintenance of

complex Optical Networks. This is achieved by our user friendly planning apps and information, sophisticated products and transparent support. Relying on our superior product quality, all items are supplied with life time warranty.
